---

Everyone with our own vision of those books that may or may not be compati was with Jackson but I can definitely assume that no one can say that they have one hundred percent of the same view of Tolkien history It an article with books: Every reader has another view of it.

His bat Balrog are outside the circle the latter being important for the progress of the story of the fate of all the characters Bombadil it not.. I did not like it because it was spiritually politically right to do that or that I found Liv Tyler to be quite attractive It was just because I found that even though there was a big change from the book it was very good it makes you realize RIVERS force determination and courage and the fact that even the river women even though they are a lot of beauty and their obviously sensitive appearance have nothing to envy for their male counterparts.. In particular some McKellan talents that tell a large part of the story: Massive amounts are transmitted only through his expression and even the language of his body.. With Gimli many can learn about their dwarves their drama the deep sense of honor and family their distillid to the elves their love of strong beer and a good fight against their bigger and pure hatred for the Orcs and likewise.
